

Spring Water Use and Efficiency Tips

It's officially springtime! Now is the time of year when Californians work on repairing their lawns and restoring their gardens with bright and colorful plants before the hot days of summer set in.

To help protect nature's most precious resource and your water bill, **Golden State Water is providing customers with some spring water use and efficiency tips that can be found [here.](#)**

To help our customers identify leaks, **Golden State Water is providing free water audits. Participating customers will receive a free Flume Smart Home Water Monitor, a device that helps monitor water use, identify leaks, and control water costs directly from a smartphone app.** Flume typically retails for \$199, but we are offering this remarkable technology free to participating customers.

To schedule your water audit now, email Conservationdept@gswater.com or call customer service at toll-free: 1-800-999-4033.
